3 REASONS TO USE ONLINEED

1. onlineEd students have given us high scores for the quality of our courses and the operation of the site. We ask 2 questions of each student, (1) Did you find the information useful? and (2) Did you find the site easy to use?" Since 1998, out of a possible score of 5, we have received a 4.99 on our useful information question and a 4.98 on our ease of use question.
2. On multiple occasions we have been told by State jurisdictions that we have the best material they have ever seen.
3. Many major real estate offices, real estate associations, real estate schools and colleges have chosen onlineEd to be their official real estate education provider.

Courses are available online. They can be printed out or read online whichever is more comfortable. The quizzes must be completed online, and upon passing the final exam, the Certificate of Completion is provided instantly. For the Real Estate Principles Course each student is assigned their own personal instructor to assist them through the course material. onlineEd has provided a special discount to our members.
