We provide the four most requested inspections when buying or selling real estate.

Our property review inspections are recommended annually. Serving 100+ communities in the greater Los Angeles area, our home and building inspection professionals assist clients and referring agents daily. Our services are unbiased—no work is performed and we do not upsell for repairs.

LaRocca Inspections was established in 1994 and continues to be one of the largest privately owned home inspection businesses in the United States. Our executive team has over sixty years of combined experience as industry leaders.
